# DANES REJOICE AT PLEBISCITE

Schleswig Province Votes Overwhelming Germans.

King Christian Recalls History with Emotion.

Germans are Leaving Province of Upper Silesia.

(BY CABLE AND ASSOCIATED PRESS.)  
 COPENHAGEN, Feb. 12.—Denmark won an overwhelming victory in the plebiscite held in the province of Schleswig, by which the future status of that district was determined, according to official figures issued here this morning. These

figures show that Danish adherents cast 75,023 votes, while the Germans polled but 25,087.

The international commission having in charge the plebiscite has decided to postpone the voting in the second zone to March 14, it was announced today.

GERMANS CRY "UNFAIR."  
 (BY CABLE AND ASSOCIATED PRESS.)  
 BERLIN, Wednesday, Feb. 12.—This afternoon's Berlin newspapers regretfully admit that Northern Schleswig was lost to Germany through Tuesday's plebiscite, but they complain that the conditions surrounding the voting were unfair.

The returns, says Vorwaerts, demonstrate the injustice of the bloc system. Lokal Anzeiger says the Danes have every reason to be jubilant, their wishes being fulfilled without their having moved a finger.

The Danes think that the Danish jubilation is possibly premature.

KING CHRISTIAN REJOICES.  
 (BY CABLE AND ASSOCIATED PRESS.)  
 COPENHAGEN, Wednesday, Feb. 12.—In a Council of State, held today in response to an enthusiastic telegram from the German Reichstag, the result of the plebiscite in the northern zone of Schleswig, King Christian rejoiced with emotion over his grandchild, fifty years ago, had voiced the sorrow of the Danes over the dismemberment of their country, but has today come to realize the hope that their territory one day would be restored.

The King added that his father also had hoped to live long enough to see the nation again united, but that fate had denied him this privilege.

GERMANS OUT OF SILESIA.  
 (BY CABLE AND ASSOCIATED PRESS.)  
 BERLIN, Wednesday, Feb. 12.—The German military evacuation of Upper Silesia, preparatory to the plebiscite, has been definitely completed, it is announced in advice from that province.

# MORE CARS FOR FRUIT, DEMAND.

Pacific Coast Delegates Heard on Railroad Bill.

Chambers of Commerce Urge Need of More Equipment.

State's Fruit Business Depends on Rail Service.

(EXCLUSIVE DISPATCH.)  
 WASHINGTON, Feb. 12.—Opinions of the chambers of commerce in Los Angeles, San Francisco, Berkeley and San Diego on railroad legislation were made known to Congressmen today by the Pacific Coast Delegates heard on the railroad bill, today, when a delegation representing these great bodies conferred with him. They went on record as favoring legislation which would permit the railroads operating in that territory to purchase sufficient equipment to move fruit and other perishable freight.

Representative Osborne and Kahn introduced the legislation, which supplemented the statements made by Capt. John D. Fredericks, William Llewellyn and other representatives of the Los Angeles Chamber of Commerce, and L. H. Rice, president of the Merchants and Manufacturers Association, who appeared before Mr. East last week in San Francisco.

# Auto Demons in Try-Out Turn Los Angeles Speedway at Remarkably Fast Clip.

## SPEEDSTERS GIVE THRILLS. MINORS TO ACT WITH MAJORS.

Boyer and Sarles Annihilate Space at the Beverly Course.

BY WARDE FOWLER.

Joe Boyer and Renee Sarles put on the show at the Los Angeles Speedway yesterday afternoon. These two gentlemen stepped into a couple of high-powered Frontenacs and furnished the railroads enough thrills to last until the day of the real show.

There was only one victim yesterday. This was some moving picture that was being shown in the grandstand. When Joe saw him coming, he obligingly told the bird to hop in and they started off at a gentlemanly clip with the movie guy hanging onto Joe's silk shirt like it was his only friend in the world.

WIDOFF.

Just at this time Renee Sarles jumped into his Frontenac and lit off after Boyer and his joy-riding friends. When Joe saw him coming, he stamped the foot-throttle late the rear-boards and the movie star got a free-hold around Joe's neck and hung on and prayed.

For eight or nine laps the giant racer circled the mile-and-a-quarter speedway and then, at the 110-mile mark, he was in the lead. At this time they were only inches apart. First one would snatch the lead and then the other would slam into a turn and wipe the honor position. A big airplane swooped down and tried to keep up with the cars, but it didn't have a chance. It would cut corners on every turn, and even then it couldn't make the grade.

REAL THRILLS.

Finally, on the back turn, there was a thrilling explosion and many of the spectators decided that the movie star had blown up, but it was only a tire. The rubber tread came off with a bang and went skidding along the course. But Boyer didn't even slow up. He passed Sarles some more, and then decided to call it a day.

Ten of the best race drivers in the country had their machines on the course yesterday. Cliff Durant turned some fast laps in his Chevrolet No. 1, found that the engine was working satisfactorily, and decided to go to a near-by aviation field to try to get some thrills out of the festive circus.

Eddie Pullen tried his hand at driving early in the p.m. but soon retired to the rail curving his luck. He had his own machine wasn't ready, and getting all the fun he could out of clocking the other bugs on their respective laps. He is going to drive one of the new Chevrolats and is sitting around waiting for the mechanic to get it together. The machine has been built to conform to the new Indianapolis Speedway regulations on piston displacement. The engine is much smaller than the others, but the machine is reputed to have speed enough to land in the competition.

STILL THERE.

Reuben Dutton demonstrated the fact that the State No. 8 is able to step with the best. He turned some fast laps that brought a stare of surprise from the stop-watch experts.

## UNCLE SAM TO SUPPORT TEAM.

Olympic Committee Obtains Government Sanction.

(BY A. P. NIGHT WIRE.)

WASHINGTON, Feb. 12.—Official government sanction and support for the team which will represent the United States in the Olympic games at Antwerp next summer was obtained by the Olympic committee in conferences today with high officials of the government.

The position of honorary president of the American Olympic committee and accepted provisionally by Secretary Tumulty on behalf of President Wilson. Secretaries Baughman and E. Pierce, secretary of the National Collegiate Athletic Association.

PLEDGE HELP.

The Olympic committee also met a number of officers of the army and navy at which the assistance and co-operation of both branches of the service were pledged. Tentative plans were discussed for the inclusion of athletics from both the army and navy in the team of more than 200, which will sail from New York in July.

The American Olympic committee was represented at the conference by Gustavus T. Kirby, president; P. W. Ruben, secretary, and Col. James E. Pierce, secretary of the National Collegiate Athletic Association.

In discussing the acceptance of the honorary presidency for President Wilson, Secretary Tumulty assured the committee of the president's approval of United States participation in the international games to be staged in Belgium.

ACCEPT HONOR.

Secretaries Daniels and Baker became vice-presidents in formally written acceptances. Secretary Baughman's letter of acceptance, addressed to President Kirby, was as follows: "I accept with pleasure an honorary vice-presidency in the American Olympic Committee. The work of the committee both in physical education and in the cultivation of international good feeling is of great importance and I am happy to be associated with it."

Mr. Daniels wrote:

"The navy is deeply interested in wholesome athletics and will gladly do all that is possible to make America's part in the Olympic games at Antwerp a great success. With thanks for the honor of appointing me as an honorary vice-president and with every good wish for national and international development of games testing skill and courage, I am, yours sincerely,"

[THE HISTORY OF A SACK]

# The History of California is interwoven with the history of this sack

Threading its way through the warp and woof of California's history runs the story of Sperry. From the days of the dons—from the time when Los Angeles was but a little pueblo, a cluster of 'dobe dwellings fringing the Plaza—down through the years the history of the Sperry Flour Co. is intertwined and interwoven with the history of California itself. Sixty-eight years of forging forward! Ever since 1852 this institution has been

privileged to play an important part in California's progress. For fully two-thirds of a century the Sperry Flour Co. has dedicated itself to the service of grinding grain for food. For fully two-thirds of a century Sperry Drifted Snow Flour has kept faith with the housewives of the Pacific Coast—has given them a smooth, uniform, even-textured flour that has come to be known "in every home" for every purpose.

## CALOTABS ARE BEST FOR COLDS AND INFLUENZA

Doctors Now Prescribe Calotabs,  
the Purified Calomel Tablets  
That Are Non-toxic,  
Safe and Sure.

Doctors are warning the public that simple colds and mild cases of influenza often lead to pneumonia and other complications. They say that every cold should receive immediate attention and that the first step in the treatment is to make sure that the liver is active. For this purpose Calotabs, the perfected, non-toxic calomel tablets, are the surest, best and most agreeable laxative.

One Calotab at bedtime with a swallow of water—that's all, no salts, no nausea, and no upsetting of the digestion and appetite. Next morning your cold has vanished, your liver is active, your system is purified and refreshed and you are feeling fine with a hearty appetite for breakfast. Eat what you please—no danger.

For your protection, Calotabs are sold only in original sealed packages, price thirty-five cents. All druggists recommend and guarantee Calotabs and are authorized to refund the price if you are not delighted with them. (Advertisement.)

(EXCLUSIVE DISPATCH)  
CHICAGO, Feb. 12.—A white-haired old woman, who looked as though she might have been lifted from the framed portraits in a family hall, prim and precise in her stiff black satin, with an immense brooch at the throat, talked yesterday about suffrage conditions a half-century ago.

She was Mrs. Helen Elkin Starrett, who arrived last night from her staid home in Chicago, to attend the first convention of the National Woman's Suffrage Association, which opened today. She is the only living delegate to the first suffrage convention called in Washington in 1849 by Susan B. Anthony.

Mrs. Starrett is 81 years of age. She is now in her eightieth year.

Suffers from Temple Growth

Tucson Attorney will Conduct  
Case for State.

Total Number of Veniremen  
Drawn Reaches 4130.

(BY A. P. NIGHT WIRE)  
TOMBSTONE (Ariz.) Feb. 12.—Illness, which physicians said possibly might prove fatal, led County Attorney Robert M. French to announce today he would call a special prosecutor to handle the Bisbee deportation trials, while he was absent seeking medical attention.

French, it was said, was suffering from a growth on his left temple that demands immediate attention by a surgeon.

**GET TUCSON ATTORNEY.**  
A. A. Worsley of Tucson, it was said, had been decided upon as prosecutor. The trial of the first of the 210 deportation defendants accused of kidnapping in connection with the transportation of copper ore from the Bisbee mines and their sympathizers from Bisbee to Columbus, N. M., now is in its second week, the entire time thus far having been devoted to obtaining and examining veniremen as jurors.

Court was adjourned shortly before noon today after being in session less than two days this week when the jury panel was exhausted and a new venire of 400 names ordered drawn, making a total of 4130 names drawn thus far with but seven accepted, subject to peremptory challenges on twelve, when twenty-four have been obtained.

Approximately forty were examined this morning, when one passed.

**PLEAD GUILTY.**  
Norman Abell and Dewey Chadwick, two Tombstone boys, appeared before Judge Patten today and pleaded guilty to kidnapping of copper ore. The trial of the first of the 210 deportation defendants accused of kidnapping in connection with the transportation of copper ore from the Bisbee mines and their sympathizers from Bisbee to Columbus, N. M., now is in its second week, the entire time thus far having been devoted to obtaining and examining veniremen as jurors.

## OFFERED LIBERTY FOR BOOSTING NEWBERRY.

FORMER MAYOR OF FLINT ALLEGES FREEDOM WAS BRIBED OFFERED HIM.

(BY A. P. NIGHT WIRE)  
GRAND RAPIDS, Feb. 12.—William H. McKeighan, former Alderman and Mayor of Flint, Mich., who in August 1918 was under sentence to the penitentiary for assault and robbery, testified in the Newberry election conspiracy trial today that he was told by Richard R. Fletcher, a defendant, that if he supported Senator Newberry in the Senatorial primary his case would be reversed by the State Supreme Court, but otherwise he would "be left to go to jail."

Fletcher is State Labor Commissioner. The witness said the remark was made in the presence of Paul King, Newberry campaign manager and others.

W. J. Crow, a farmer employee of the Newberry estate, testified that contributions to the campaign fund by John Newberry, brother of the Senator, amounted to between \$15,000 and \$20,000 by June 15, 1918.

**BILL IN MAGAZINE.**  
Marion Hanson, a banker from Grayling, Mich., said he found a \$10 bill in a magazine which B. Frank Emery, Senatorial committeeman, placed before him and that he had explained it was for possible expense in circulating petitions. The banker said he used \$15 and retained the other \$35.

Machinery of the conspiracy trial was under way this morning. The witness values were checked with "don't remember" and "Not to my knowledge."

**PAY FOR PUBLICITY.**  
Harrison Merrill, a Kalamazoo newspaperman, told Frank C. Dalley, the government leader, that he had done no publicity work for the case a week he received for more than three months. Later Martin W. Litchford, for the defense, asked his memory sufficiently to learn that some advertisements prepared by Merrill "in odd moments" were used in the Newberry campaign.

Oscar B. Kilstrom, of Grand Rapids, president of the Bolo Club of Michigan, said Charles Floyd, head of the local Newberry headquarters, had given him \$15 to cover expenses of a three-day trip which was ostensibly on Bolo Club business.

Kilstrom admitted that the Bolo Club was formed "solely for political purposes."

**POWER SHORTAGE MAY  
CUT OFF STATE'S OIL.**

IF NO RAIN OR SNOW BY FEBRUARY 24 SAN JOAQUIN SERVICE WILL SUSPEND.

(EXCLUSIVE DISPATCH)  
SAN FRANCISCO, Feb. 12.—There is consternation in fuel oil circles because the San Joaquin Light and Power Company has notified all the companies it serves that it will stop supplying electric power and power for an indefinite period if there is no rain or snow in the mountains by February 24. The San Joaquin valley is the great oil-producing region of California. All the big companies and many small concerns are refining oil in that section. The San Joaquin company has served them all with electricity, both for light and power.

To have this supply cut off means a great reduction in the output of fuel oil.

**SITUATION MOST SERIOUS.**  
The situation is a most serious one, as there is only a three months' supply of oil on hand. The consumption is about 25,000,000 barrels. The consumption is about 9,000,000 barrels a month.

Without electric power, the companies will have to resort to their old method of using steam and coal. This is a slow process and the companies realize they could not begin to keep up with the demand.

This notice to cut off the supply of electricity by the power company will seriously affect the operation of such concerns as the Standard Oil Company, Associated Oil Company, Union Oil Company and the Shell Company. In an official statement, the Standard Oil Company showed how serious is the situation of producing enough fuel oil to make its by-products, such as gasoline and kerosene.

The prevailing drought will make the situation all the more serious and will tend, it is said, to greatly advance the price of gasoline and the cost of fuel oil to the railroads and thousands of other small companies and individuals who have to use it.

SPONSORS FAIL TO COMMAND  
DEMOCRATS AND MANY RE-  
PUBLICANS HOLD OUT.

(BY A. P. NIGHT WIRE)  
WASHINGTON, Feb. 12.—Little progress was apparent today in negotiations over the new Article X reservation to the peace treaty brought forward yesterday by Republican Senators.

In addition to its failure to command the Democratic support for which its sponsors had hoped, it was said the new draft had found unacceptance to some reservationists on the Republican side.

A canvass of the forty-nine Republicans is understood to have shown that only about thirty could be counted on to vote for ratification with the changed reservation, and that only about thirty could be counted on to vote for ratification without the reservation.

Under which the United States would decline to guarantee the integrity of League members by force, economic boycott or "any other means" except when Congress acted. Sixty-four votes are necessary to ratify and doubt was expressed generally whether thirty-four Democrats could be induced to desert their party leader, Senator Hitchcock of Nebraska, who has declared the revised draft would embody a surrender of the treaty's friends.

**INJUNCTION TO GUARD  
MRS. GORMLEY'S CASE.**

ILLINOIS COURT GRANTS PLEA  
OF WRITNESS IN FIGHT  
WITH GUARDIAN.

(EXCLUSIVE DISPATCH)  
DANVILLE (Ill.) Feb. 12.—Mrs. Helen Gormley, aged 26, niece of John P. Powers, baseball man, and who eloped with James J. Gormley, was granted an injunction in the Circuit Court here today, restraining Danville banks from paying out any money held by Mrs. John Powers, guardian for Helen Gormley.

Mrs. Gormley, accompanied by her attorney, Walter Hamm of Los Angeles, slipped quietly into Danville Tuesday, signed the bill for injunction and other necessary papers and left as quietly as she had come. The bill for injunction sets forth that Helen Kelly was one of the devisees under the terms of the will of Michael Kelly, millionaire mine owner of Danville, that the will provided that \$100,000 should be held in trust for her until she became of age.

Mrs. Gormley further sets forth in her bill for injunction that she has reason to believe that Mrs. John Powers, guardian, has been making an inventory of her property and that she is making a report of her guardianship to the probate court, although Mrs. Gormley is two years past the age stipulated in the will.

A partition suit, written and filed by Mrs. Gormley, directed against Mrs. Powers, several heirs and Danville business concerns,

HOUSE IRRIGATION COMMITTEE  
TO BE TOLD OF DESIRES  
OF RESIDENTS.

(EXCLUSIVE DISPATCH)  
WASHINGTON, Feb. 12.—J. E. Davis, representing practically all of the industrial and civic organizations in Imperial Valley, including the Associated Chambers of Commerce, is in Washington trying to arrange for an early hearing before the House Irrigation Committee.

When the opportunity offers he will tell the committee that a very large percentage of the people of Imperial Valley favor the Kettner bill in its present form. He expects to bring out these facts, together with a protest from the residents of Imperial Valley against the granting of Mark Rose and his associates of any special advantages in connection with the public works.

## THREE HUNDRED SICK ARE TREATED BY HICKSON.

No "Instantaneous Cures," Yet Suffering is Alleviated and New Hope Born; Strange Scenes.

BY CHARLES F. HAYDEN.

Three hundred people, crippled, infirm or afflicted with grievous bodily ailments, yesterday sought the help of divine power through the ministrations of James Moore Hickson, Episcopal layman and apostle of spiritual healing, at All Saints' Church, Pasadena.

There were no spectacular cases of instantaneous healing, no sudden transformation from helpless infirmity to vigorous activity, yet those who watched marked plainly a real change in many of those who came forth. Pain-racked countenances had lost their lines of suffering. Some, at least, were who had gained some measure of peace of soul, a strengthening of faith and a hope of surcease from bodily pain. One woman who came into the church hobbling on a crutch was able to walk out without it, the others noticed. Those who have followed Mr. Hickson's remarkable work say that instant cures are rare.

It was a remarkable scene, one that vividly and deeply impressed those within the church. The church auditorium was filled with hundreds of people, for whom there were no seats, gathered outside the closed doors.

On the platform behind the altar, Mr. Hickson, in words of simple eloquence, gave his message of healing for the body, as well as for the soul through the power of Jesus Christ and that alone. For himself he "claimed" nothing except as a channel through which the divine power of healing might be borne to weary and heavy-laden sufferers who had faith.

**SOLENN SCENE.**

To this place, Mr. Hickson told them, they must come with reverence and free from sinful desires. He pictured Christ as a living Christ, present in the room and ready to help those who called upon Him. The place was hushed. Many heads were bowed low in silent prayer. The pastor of one of Los Angeles' largest churches said afterward that he had never before felt so close to God.

In the rear portion of the room were those who had not come to seek physical help for themselves. Many of them were relatives or friends of the sufferers. These Mr. Hickson likened to those who, twenty centuries ago, let down through a roof the lame, the blind and the blind.

Closer to the altar were the sick who had come for help. Each in a separate case, had given his name, church affiliation and nature of affliction. There were men and women in wheel chairs, some of them wasted almost to a shadow. There were blind men and deaf, others who walked only with the aid of crutches, and then with painful difficulty. There were children misshapen and twisted from illness. Some, though ill, came in unaided, but there were many who required help.

They were of many ages and conditions. There were Jews, Baptists, Episcopalians, Methodists, Roman Catholics, Christian Scientists and of almost every known denomination. Some said they had no church affiliation.

Although the time of the service had been set for 10 o'clock, sick people began to arrive at a much earlier hour. Dr. Leslie E. LeGrand, rector of All Saints' Church, opened the services by asking the congregation to repeat the Lord's prayer. Dr. LeGrand then prayed specifically for the sick who had gathered in the church, and for the success of the healing ministrations. The congregation then prayed, in unison, the prayer which is used in all of Mr. Hickson's healing meetings, as follows:

**HEALING PRAYER.**

"Oh, God, our Heavenly Father, we pray for Thy blessing upon the Christian Healing Mission. Bless, protect and guide those who have gone forth in the name of Thy Son, our Savior, Jesus Christ. May all that they do be directed and governed by Thee. May they be so filled with the spirit of Christ that they may be learners of His light to those who sit in darkness, for the setting at liberty of souls whom Satan hath bound, and for the healing of all who are sick and suffering in mind and body. And we ask that they and all who are linked with them in prayer at home may be ever united in Thy love, and protected from every snare of the enemy, so that by Thy grace Thy purposes may be fulfilled."

Mr. Hickson said that there is nothing new in the gospel of healing, that ministering to the body was and is essentially a part of the work of the church. "You can't take out of the life of Jesus Christ the work of healing," he said.

Everyone can take part in the healing work, he said. He said there is nothing sensational about the healing, that healing in most cases has come gradually, although he has had cases of astonishing and immediate cures both in England and in this country.

At the conclusion of his brief address, Mr. Hickson turned to the sick persons, promising that before he left the church he would lay hands on every one of them. This he did, concluding at about 1 o'clock.

**LAYS ON HANDS.**

He best over each sufferer in turn, laying his hands on head, arms or back. His prayers were audible only to those in close proximity to him and varied slightly in wording. Each

## CAB DRIVER IS SHOT BY FARE.

Latter Arrested, Admits It; "Doesn't Know Why."

Police Believe it was to Get Auto; Pal is Taken.

Victim may Die from Bullets in Back, Mouth.

Five hours after shooting down in the victim's own taxicab, Martin Pilot, 38, of 300 North Fremont avenue, George F. Green, until yesterday of the Merritt Jones Hotel at Ocean Park, was arrested last night at the home of his mother, Mrs. Mildred Green, 1558 North Alexandria avenue, Hollywood, charged with the shooting. He admitted it, saying he did not know why he did so. Pilot is in the County Hospital with a bullet in his back and another through the mouth. He may die.

Green was identified by the manager of the Merritt Jones as the man who accompanied Pilot to the hotel late yesterday afternoon. At Ocean Park Detective Cary, Williams and Oakes picked up Clarence Doremus on a charge of grand larceny and from him elicited a confession that he and Green, both were stealing cars together and that Green was to get an auto in Los Angeles and pick him (Doremus) up later. The police think it was to get this car that Green shot Pilot, near Normandie and Franklin avenues. Doremus said he and Green lately stole a car at Bakersfield and stripped it.

At Green's mother's home, Detective Cline, King, Macintosh and Bryson were told by Mrs. Green that her son was not at home. They searched the house over her presence and found a small box in a closet. It was a tool kit containing the revolver which he used. He told the officers he had left the car at North St. Andrews boulevard. It was found there and in it were several of Pilot's teeth and a pool of blood.

**DRIVE TO DEATH.**

At the Receiving Hospital Dr. Pilot told the police detectives that the man who shot him and another man, possibly Doremus, called at his taxi stand near Central Park a little after noon yesterday. They left his automobile, a small open car, and ordered him to drive to Venice. At the beach, one of the men got into the taxi and the other told Mr. Pilot to drive to the Merritt Jones.

After telephoning the passenger ordered Mr. Pilot, according to the

he fulfilled to the glory of Thy holy name: for Jesus' sake. Amen."

Quietly solemnly, humbly Mr. Hickson began to speak. "You are coming not to me to receive help, but to Christ who alone has the power. Remember we are on holy ground and cleanse yourselves of all sinful desires. Christ is the same yesterday, today and forever."

Mr. Hickson said that there is nothing new in the gospel of healing, that ministering to the body was and is essentially a part of the work of the church. "You can't take out of the life of Jesus Christ the work of healing," he said.

**TO VISIT SICK AT HOSPITAL.**

English Healer to Speak Here and Possibly in Two of the Beach Cities.

James Moore Hickson, whose visit here is scheduled to end with a healing service at St. James Church, Pasadena, next Tuesday, will visit the Los Angeles County Hospital before he goes, although the date has not been determined. He will address the Los Angeles League of Christian Healing and Helpful Service at 4 o'clock at the Episcopal parish house here next Tuesday afternoon. He will probably go to Long Beach and Santa Monica. Many invitations have been received by him, but most of them must be declined.

## FRAUD'S CHIEF CONFESSES.

Powell, Head of Railway-Pass Counterfeit Gang, Broken; More Arrests.

That he was one of a large group operating out of Los Angeles in a game of manufacturing and disposing of fraudulent railroad passes, which were sold through as many as fifty men and women agents, but that he was "inspired" to do so on influence by others, was the confession made at Portland, Or., yesterday by Theodore W. Powell, alias S. R. Weatherby, 28 years old, arrested there in connection with the counterfeiting plot uncovered here. Two more arrests were made here and a third, a woman, in Chicago. Seven are now in custody.

Powell was taken into custody on information from Los Angeles Department of Justice operatives. His arrest was effected as he alighted from a street car and hesitatingly glanced about as though in fear of someone. At first he refused to talk, but later made a clean breast of it. Mrs. Powell and 8-year-old child disappeared shortly after her husband's arrest.

Agent Bryson said he had no charges against her, but was anxious to interview her, believing that she might supply valuable information. When she failed to report at his office a search for her was started and

## GIVES COLLEGE BIG COLLECTION.

Archaeological Relics Presented to Pasadena School.

Hundreds Visit Leyman Minister of Healing.

Community Players Hear Reading of Famous Play.

(LOCAL CORRESPONDENCE.)

PASADENA, Feb. 12.—One of the largest and most valuable archaeological collections in the country has just been presented to the California State College of Science by Peter W. Gates. Included in the collection are hundreds of Indian baskets, pottery, stone, bone and wooden implements, burial urns, axes, cooking utensils, bows, arrows, spears, textiles, decorated beads, hairpins, needles, combs, and other articles of daily life. The collection was made by an expedition to Arizona and New Mexico a score of years ago. Twin collections were made, one of which is owned by the government and is in the national museum, Washington, D. C., and the other, which was owned by Mr. Gates and which he has just presented to the Pasadena college. The collection is now being arranged for exhibition at Throop Hall, on the college campus. This collection, valued at nearly \$100,000 and required years to complete.

**HUNDREDS AT CHURCH.**  
Hundreds of patients were present at All Saints Episcopal Church today when James Moore Hickson, the English layman minister of healing, laid his hands on scores of Pasadena, in the first healing service that he has conducted on the Coast. The crowd at the church was so large that scores were turned away, being unable to gain entrance. More than 100 persons were ministered to at the service. Mr. Hickson will hold another service at All Saints Church tomorrow morning at 10 o'clock.

**AUTHOR HAS BIRTHDAY.**  
Friday, the 12th of February, has been the birthday of Charles Barnard, well-known author. It is his birthday and today he reached his eighty-second birthday. Mr. Barnard was the author of "The Country Fair," which was successful as a play for a few seasons.

**GENERAL TO SPEAK.**  
Gen. Asagapetian of the Serbian army will give two addresses in Pasadena at the Universalist Church at the morning service and in the afternoon at the service at the library. He is to speak in the interests of the Gen. Asagapetian was in charge of an army that guarded the rich petroleum deposits at Bakki, preventing the Germans from taking them.

**READS FAMOUS PLAY.**  
"Abraham Lincoln," the play by John Drinkwater, the famous English playwright, was read today in public for the first time on the Pacific Coast. Glenice Brown, managing director of the Pasadena Community Playhouse, read the play at a Lincoln day celebration held at the Pasadena school.

**WRITES DANISH POEM.**  
Hans H. Seedorf, noted Danish poet of Copenhagen, who, with his wife of a few weeks, is honeymooning at Hotel Green, is to commemorate his trip to California in a Danish verse. Mr. and Mrs. Seedorf were given a trip around the world by the admiralty of the navy. Mr. Seedorf plans to write a book of poems covering the whole journey.

## SAYS MOONSHINERS HELD HIM PRISONER.

SANTA BARBARA RESIDENT HAS WILD EXPERIENCE WITH MOUNTAIN BANDITS.

(LOCAL CORRESPONDENCE.)

SANTA BARBARA, Feb. 12.—That moonshiners abducted George Martin, well-known Santa Maria resident, who had been missing for two months, is the statement he has made to the officers, having just returned from Kansas City, Mo. Two months and one week ago Martin said he was driving in his automobile on a San Luis Obispo county road. He picked up two men, strangers, and accepted a drink they offered. He next remembers waking up among the wild mountains of the Santa Cruz range. He was bound hand and foot.

As a prisoner, closely guarded, he remained with the men for weeks, and watched them from day to day brewing whiskey. When they would move the location of their still he would be bound, doped, and carried along.

One night they told him they were moving for good. He recalls a struggle as they forced liquor down his throat. When he came to himself he found that he was on a train just pulling into Kansas City. He also found that \$200 he had when first he met the men in San Luis Obispo county was gone and he was penniless. He says the men had disappeared, and he was in destitute circumstances in a city of strangers, wearing clothing entirely inadequate to that climate.

In his efforts he telegraphed to his home for money, and on receiving financial help from his wife he left at once for California. Despite the incredulity of his friends and the officers, Martin sticks to his story and offers to head a search of the Santa Cruz mountain country for the moonshiners. He says he believes they are still there. The officers have begun a search through the mountains.

## CELEBRATE DAY AT LONG BEACH.

State Societies Hold Basket Picnics at Resort.

Aged Truck Driver Killed by Pacific Electric Car.

Three Thousand Witness Leap Year Wedding.

(EXCLUSIVE DISPATCH.)

LONG BEACH, Feb. 12.—Basket picnics were the feature of the general observance of Lincoln's Birthday in Long Beach today.

The largest gathering of the day was the meeting of the Illinois Society on the lower deck of the municipal auditorium. Following an enjoyable basket luncheon at noon the picnicers adjourned to the auditorium proper for an interesting musical program and brief addresses.

The Municipal Band furnished the music. Mayor William T. Lisenby extended a hearty welcome to the visitors. Following a number of songs time was taken for registration.

Members of the committee in charge of the picnic were Dr. and Mrs. G. H. Gelbrath, Mr. and Mrs. R. L. Fritchard, Mr. and Mrs. Arthur Wood, Mr. and Mrs. Robert Macey and Mr. and Mrs. L. P. Stepien.

It is estimated that there were more than 3000 persons present.

**ALL FROM NEBRASKA.**  
Former residents and visitors from Nebraska gathered in the sun parlor on the end of the Pine-avenue play this noon for their annual picnic.

The programme was in charge of D. E. Zimmerman, president, and Mrs. Robert Armstrong, secretary of the Nebraska Society.

The bride has been a resident of Long Beach for the past ten years and a graduate of Long Beach High School. The bridegroom is employed in the shipyards.

**REFUSE DEMAND OF ORCHARD WORKERS.**

(LOCAL CORRESPONDENCE.)

COVINA, Feb. 12.—More than 300 Mexicans employed in the citrus groves in this colony went out on a strike this morning, demanding an increase in wages.

The various packing companies have been paying their men \$3 per day, but the Mexicans want \$3.50. At a lengthy conference held at the office of the Queen Colony Fruit Exchange, which was attended by

representatives of all the packing companies in the colony and five Mexican representatives, the packers made a proposition to pay the men \$3 for a nine-hour day, and allow them 2 cents per box for all over forty boxes of oranges picked and 4 cents per box for all over fifteen boxes of lemons picked. This was refused on the ground that some of the older men could not work as fast as others and would not make any more than they were now getting.

The packers replied that the Mexicans could accept their proposition or remain idle and all of the laborers agreed to hold out for the flat rule.

Efforts are being made to secure other help from Los Angeles. The growers are excited to get their fruit remain on the trees for a month or more if necessary.

**COUNCIL ADDS TO OWN PAY.**

(LOCAL CORRESPONDENCE.)

BAKERSFIELD, Feb. 12.—When the City Treasurer, the City Engineer, the building inspector, the clerk, City Attorney and other city officials petitioned the City Council of Bakersfield to raise their salaries 15 per cent, the Council acknowledged the need of increased pay, but tabled the petition and they voted to increase the pay of the Council members 100 per cent, when acting as a board of equalization.

Increased tax on hotels, restaurants, printing offices, poolrooms, garages, oil stations, cigar stands and other small businesses will be placed in order to raise the money to meet the increased salaries, it was announced.

element is the decline of investment—buying largely as the result of the unfair system of taxation now in effect. Looked at from any standpoint there can be no question that the situation is one which calls for conservation, and getting into unnecessary debt should be avoided.

**California Ink Company.**  
The California Ink Company, strictly a home industry, last year marketed its preferred stock, amounting to \$500,000, through Blythe, Witte and Company, through which firm it recently submitted its statement for the year ended December 31, 1919. The management of the company is considered highly capable, and the condition of its affairs is looked at from any time in its history, with sales and general business increasing from month to month.

The balance sheet shows assets of \$1,460,780.52, with current liabilities of \$20,844.65. These accounts payable are offset by United States government securities amounting to \$35,000 and cash amounting to \$12,100. The company has repurchased \$100,000 of the \$500,000 preferred stock originally put out, leaving \$400,000 now in the hands of the public.

The total net worth of the company, after making adequate provision for losses and depreciation, is in excess of \$1,300,000 against the preferred-stock issue of \$500,000 outstanding. The earnings of the last year were \$185,000, after payment of taxes, which amounted to about \$70,000. Net earnings before taxes were therefore about \$255,000, which is more than one-half of the total amount of preferred stock now in the hands of the public. Earnings after taxes, were nearly six times the preferred-stock dividend requirements on the \$500,000 preferred stock outstanding.

## LOCAL PRODUCE MOVES ON SLUGGISH DEMAND.

POTATO MARKET IS FIRMER; TOMATOES TAKE RATHER SHARP SLUMP.

Although the buying demand was very slow on the local produce market yesterday, prices for the most part held firm, with few changes recorded in the leading lines. Early arrivals were heavy, but met with a fairly brisk demand by wholesalers and retailers during the opening hours of the season. Toward the close of the day's trading a weaker tone was in evidence, and prices of the heavy late arrivals, which were limited in quantity, although a wide variety of produce in small lots including artichokes, asparagus, Florida peaches, mushrooms and strawberries were received by express.

Apples were somewhat scarce in some varieties, but selling at an advance of a cent per bushel, from \$2.75 to \$3.00 per bushel. By the time of the market, this variety advanced to \$3.00, and the demand was fairly brisk. The price of the late arrivals, which were limited in quantity, although a wide variety of produce in small lots including artichokes, asparagus, Florida peaches, mushrooms and strawberries were received by express.

Local pears are meeting with a good demand, but selling at a decline of 10 cents per bushel, from \$2.50 to \$2.40 per bushel. The demand for the late arrivals, which were limited in quantity, although a wide variety of produce in small lots including artichokes, asparagus, Florida peaches, mushrooms and strawberries were received by express.

## DAILY MARKET REPORT.

These are the actual prices obtained yesterday for local produce, including apples, artichokes, asparagus, Florida peaches, mushrooms and strawberries. The prices are as follows: Apples, \$2.75 to \$3.00 per bushel; Artichokes, \$1.00 to \$1.25 per bushel; Asparagus, \$1.50 to \$2.00 per bushel; Florida peaches, \$1.00 to \$1.25 per bushel; Mushrooms, \$1.00 to \$1.25 per bushel; Strawberries, \$1.00 to \$1.25 per bushel.

## JAZZ-CAT GAMBLE CLOSING

Continuing the jack-pot plan—the remaining units of this allotment in the Jazz-Cat-Gamble for oil, water, mineral or anything in San Diego or elsewhere, are offered, subject to all the advantages or disadvantages of the venture. If I could not buy another unit—I wouldn't sell the one I have for Five Hundred Dollars, unless one party—I know what you have and what you are trying to do.

General Offices, Union Building  
Honorable L. J. Wilde, Mayor of San Diego, California. My dear Mr. Mayor: I enclose check for \$500.00 as my contribution to your Commonwealth Oil undertaking. As a member of the Commonwealth of San Diego, I am glad to subscribe to anything that offers some promise of adding to the prosperity of San Diego. I do not believe the possibilities of locating oil in San Diego have been definitely settled. If it be found, it would be of immense value to the City and County. So I add my contribution with best wishes for good luck in the enterprise. Yours very truly,

John C. Crocker

ED FLETCHER COMPANY, 210 Eighth St.  
Hon. Mayor L. J. Wilde, San Diego, California. My dear Mr. Mayor: I certainly congratulate you on the unique way in which you go after the money for the oil well. If you decide to put in oil wells up the coast from Del Mar north, I will be glad to co-operate with you in a substantial manner. Anyway, I wish to say that if you can bring in a producing oil well in this County, I will take my hat off to you as the most enterprising man in San Diego. Yours very truly,

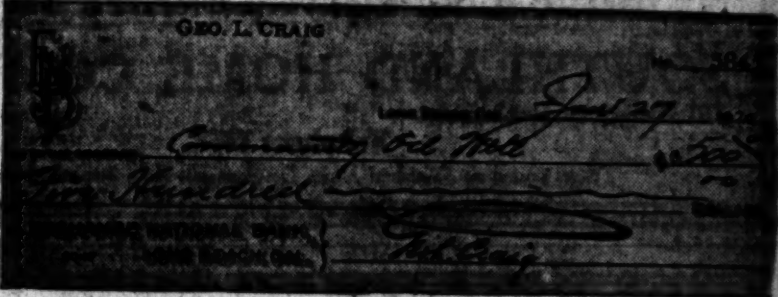

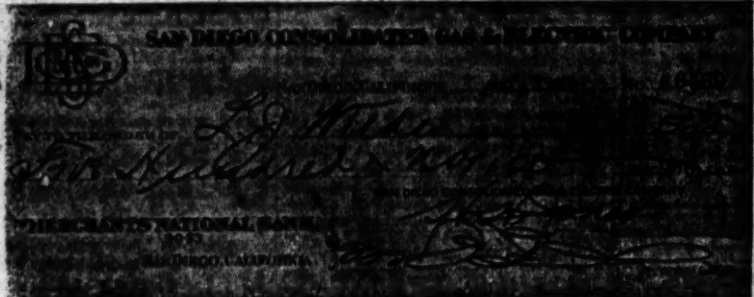

Ed Fletcher

No promises can be made except a dependable, above-board, square deal as this is a jazz-cat gamble, pure and simple, and you should go in with a long-shot understanding, chancing the amount you can well afford to lose without any strings to it whatever.

On the other hand, should San Diego County, or elsewhere, furnish a community oil producer, and any other important hidden values, your one hundred dollar unit gamble could be worth upwards to \$20,000. This is made possible only under a comprehensive, co-operative system of the unit community plan—large acreage—small capital—home development—nerve—cash and good boosters to back you up. THIS IS A JACK-POT FOR SOMETHING WORTH WHILE OR NOTHING.

Please do not write long letters—questions answered here—no prospectus, literature or unnecessary expenses.

Write your name and address plainly and send your check or draft to L. J. Wilde, 377 Spreckels Building, San Diego, California

## THESE THINGS HAPPEN

One well in the midcontinent field has produced an average of 1000 barrels a day for fourteen months, a total product of over \$1,000,000—an initial investment of \$25,000. Nor need one tell more than a half truth about the Trapshooters' company and still be able to dumbfound the credulous prospect. Originally it consisted of a dozen members of a gun club, who invested \$250 each. The first well was 200 barrels a day; the second started at 14,000 barrels a day. Soon they had so much money they could give all their time to the gun club. One \$100 share sold for \$41,000. Over \$6,000,000 has been paid on their royalties to Indian wards—Ongas, Cherokeses, Creeks.

of the fraudulent passes issued by the Los Angeles group. He is willing to return to the south without a fight.

**TWO ARRESTS HERE.**

Charged with conspiring with Powell and others to defraud the government, as operator of the railroad, through the sale of bogus passes, Ned W. Williams, head porter of the Los Angeles Hotel, was taken into custody yesterday by Special Agent Hall of the Department of Justice and Roy Marshall and James E. B. Detective, respectively, for the Santa Fe and Southern Pacific. He was arraigned before U. S. Commissioner Long and held in lieu of \$2000 for his hearing, February 25.

According to Special Agent Connell of the Department of Justice, who has the investigation in charge, Williams both admitted being an agent of Powell and turned over to him ten spurious passes that had been given him for sale.

Special Agent Powell declared yesterday that from the knowledge that he already came to him on the railroad, and through them the government had been defrauded of thousands of dollars by the illegal use of these passes coming practically every railroad in the country, and more arrests will follow.

**FOR REMOVAL HERE.**

In addition to the issuance of warrants, yesterday, the arrest of the wife of Theodore W. Powell, alias S. R. Powell, alias S. R. Weatherly, of Portland, Ore., followed that of her husband. The Powells will be taken before a United States commissioner at Portland today, and an order of removal sought. Whether or not the man and wife will put up a fight to resist removal is not known.

Special Agent Connell stated that the first counterfeit pass that appeared in the case was found on a woman traveling from this city to New York on the Northern Pacific. It developed, he stated, that the pass was purchased through one of the selling agents of Powell in this city. The identity of the woman has been lost, but the fact that she was traveling on a pass excited some suspicion at that time on the part of the conductor, who thought it belonged to some one else, but never suspected that it was a counterfeit until later.

Mr. Connell, who has investigated the matter from every angle, declares that Powell was the prime mover in the whole transaction, and that he made the counterfeiters so good that at first they were not even suspected. He was taken to a suburb on the face of the passbook they would pass unchanged almost any place.

Mr. Connell said that taxicab drivers and others whose business took them among a variety of people likely to desire the use of a pass at

**THOUSAND SINGERS TO OPEN Y.W.C.A. DRIVE.**

One thousand community singers will give a program at Pershing Square Tuesday morning between 8 and 9 o'clock as the opening feature in the Y. W. C. A.'s campaign for \$100,000 which will be actively started on that date.

Plans for this great out-of-door feature are under the direction of Mrs. Sloan-Orritt. The chorus of 1000 voices will be led by Roy Pitcher, Carl Bronson and Thomas Taylor Drift.

It is said that 5000 song sheets will be provided, so that every one can join in the singing, and it is urged that the general public assemble at Pershing Square for this event.

**ANOTHER TAKEN.**

**CHICAGO, Feb. 12.**—Department of Justice agents today arrested Esther Field of Los Angeles as she stepped from a train, in connection with alleged counterfeiting of railroad passes. She was taken to the Federal Building, where she refused to answer questions. She was held pending instructions from California, where, according to government officers, a gang has been counterfeiting passes.

There was a final only the union reply to his statement given them earlier in the day, and this likely will be sent to the White House tonight.

Officials conferred for six hours with the President's statement, which was refused steadfastly to discuss the contents. White House officials refused to discuss the matter. The union chiefs give any impression as to their reply. The union chiefs conferred today with W. G. Lee, Director of the Brotherhood of Railroad Trainmen, and a committee of the organization. The conference, so far as the Administration is concerned, was said to conclude the negotiations on the wage question.

**STRIKE IS THROUGH.**

Union also sent a letter to the Brotherhood of Maintenance of Way Employees, stating his attitude that group's scheduled strike would be public, his information, but it was hinted that the maintenance men in the way of wage increases. The Railroad Administration, however, representing the maintenance men, denied this, but declared there was no decision of the strike set for Tuesday.

Mr. Wilson had given the administration's final word to the union, the trainmen's District in a decision. The decision was binding on the union.

of the fraudulent passes issued by the Los Angeles group. He is willing to return to the south without a fight, he said.

**TWO ARRESTS HERE.**

Charged with conspiring with Powell and others to defraud the government, as operator of the railroads, through the sale of bogus passes, Roy Williams, head porter of the Lankershim Hotel, was taken into custody yesterday by Special Agent Hall of the Department of Justice and Marshall and James Bergin, detectives, respectively, for the Santa Fe and Southern Pacific. He was arraigned before U. S. Commissioner Long and held in bond of \$2000 for his hearing, February 16.

According to Special Agent Connell of the Department of Justice, who has the investigation in charge, Williams both admitted being an agent of Powell and turned over to him ten spurious passes that had been given him for sale.

Special Agent Powell declared yesterday that from the knowledge that has already come to him, the railroads, and through them the government, have been defrauded of thousands of dollars by the illegal use of the passes, covering practically every railroad in the country, and more arrests will follow.

**FOR REMOVAL HERE.**

In addition to the issuance of warrants, yesterday, the arrest of the wife of Theodore W. Powell, alias E. R. Powell, alias R. Weatherly, in Portland, Or., followed that of her husband. The Powell will be taken to the United States commissioner at Portland today and as order of removal sought. Whether or not the man and wife will put up a fight to resist removal is not known.

Special Agent Connell stated that the first counterfeit pass that appeared in the city was that of a woman traveling from this city to New York on the Northern Pacific. It developed, he stated, that the pass was purchased through one of the selling agents of Powell in this city. The identity of the woman has been lost, but the fact that she was traveling on a pass excited some suspicion at that time on the part of the conductor, who thought it belonged to some one else, but never suspected that it was a counterfeit until later.

Mr. Connell, who has investigated the matter from every angle, declares that Powell was the prime mover in the whole transaction, and that he made the counterfeit passes so good that they were not detected until they were used on the face of the passbook where they would pass unchallenged.

latter's statement, to drive to North Normandie and Franklin avenues in this city. The man stated that he would ride in the rear seat of the automobile and "take it easy." During the trip back to Los Angeles Mr. Pilot told the police, not a word was exchanged between the passenger and himself.

Just before they arrived at North Normandie and Franklin avenues, stated Mr. Pilot, he heard a noise in the rear seat and before he could turn around, he was shot in the back. As he fell forward in his seat, Mr. Pilot said, he turned his head to look at his assailant and was shot in the mouth. Then he was rolled from the automobile and as he staggered along the street calling for help, he saw the man in his automobile spring into the front seat and drive away.

**RESIDENCE RANSACKED.**

A search-climbing burglar early yesterday morning ransacked the upper story of the residence of A. A. Baggett at 811 South Western avenue and escaped with \$1200 in cash and jewelry valued at about \$100. According to Mr. Baggett, the intruder climbed up through a porch and pried open a window to gain entrance to the house. Mr. Baggett was away from home at the time.

## Confesses Nation-Wide Rail Swindle.

Theodore W. Powell.

A low rate were among those employed by Powell, Mr. Connell declares.

**SEEK PRINTER.**

Passes were printed, but where the copy came from that it was necessary to reproduce them with type or plate is an interesting point now engaging the attention of the Federal authorities.

The defendants, David A. Weatherly, Louis Gordon and Dave Grosher, followed Williams before U. S. Commissioner Long, on a complaint sworn to by Special Agent Connell. The bond in each case was fixed at \$2000, and the preliminary hearing fixed for February 16, to give time for the removal of the defendant, Theodore W. Powell, from Portland, where his bond was fixed at \$2000.

The inquiry is not yet ready for the investigation of the Federal grand jury, and the matter will not be considered by them at the weekly meeting today.

**ANOTHER TAKEN.**

(BY A. P. NIGHT WIRE.)  
CHICAGO, Feb. 12.—Department of Justice agents today arrested Esther Field of Los Angeles as she stepped from a train, in connection with alleged counterfeiting of rail road passes. She was taken to the Federal Building, where she refused to answer questions. She was held pending instructions from California, where, according to government officers, a pass has been counterfeited.
